*Less than 0.05%.

Aid to Families with Dependent Children (AFDC) This program continued to advance during April for the 10th consecutive month of growth. Monthly increases, however, were slight with the number of families rising by only 393 (0.8%) and expenditures by $11,716 (0.1%).

Families receiving payment totalled 49,083. While this was not significantly higher than the previous month, it did represent an annual growth of 3,848 (8.5%). The monthly growth was led by the Regular category, which grew by 269 (0.7%). The UP category, at 7,820 families, also advanced by 124 families (1.6%).

Expenditures reached $19,214,856 during April, significantly more, $3,340,580 (21.0%), than the $15,874,276 recorded one year ago.

The Unemployed Parent category recorded annual growth of 52.0% or $1,304,053. The Regular category, by comparison, grew by 15.2% or $2,036,527.

In April 1983, 3,542 families applied for AFDC assistance. This was 735 (17.2%) fewer than in March 1983 but 55 (1.6%) more than in April 1982. Of the monthly applications, 888 (25.1%) were Unemployed Parent families and the remaining 2,654 (74.9%) were Regular families. The urban counties represented 38.7% of the applicants, followed by the rural with 33.5% and the suburban with 27.8%. The composition of Unemployed Parent applicants by county type was 38.6% rural, 31.7% urban and 29.7% suburban. In contrast, the county of residence of the Regular applicants was 41.1% urban, 31.8% rural and 27.1% suburban. Among the Regular applicants, there were 108 incapacitated parent cases.

April's applications were the fewest recorded during fiscal year 1983. This indicates a reduction in the number of paid cases and in expenditures during the remainder of the fiscal year, a typical seasonal occurrence.

Emergency Assistance (EA) During April, the county agencies responded to additional requests for assistance because of overdue utility bills. Needy families were prompted by impending electrical cutoff, which could legally occur after April 1. This contributed to higher case load and expenditure levels during the month.

There were 2,916 persons aided during the month. This was 218 (8.1%) more than March, but 1,723 (37.1%) less than one year ago. The emergency of Utilities alone accounted for 1,427 persons or 48.9% of all those served. The number of recipients in this category rose by 679 (90.8%) from March; however, the overall impact was partially checked by declines in the number of evictions.

Cases totalled 861 during April. This was 66 (8.3%) greater than March but 429 (33.3%) less than last year.

April's expenses totalled $297,882. This was $45,151 (17.9%) higher than the March level but falls $101,792 (25.5%) short of the $399,674 expended one year ago. The largest emergency category, Utilities, represented 47.0% of April's cost.

The major emergencies during April were Utilities and Eviction. Eviction, although typically the largest emergency category, occupied second place in April. The increase within the Utility category was expected, having occurred in 1979, 1981 and 1982. During the October through April period, utility aid cost $501,900 compared to $702,470 for the previous heating season.

The following table shows the change in utility costs between March and April 1983. It shows a general pattern of advance with the largest increases occurring in the urban counties. This category sustained a 311.8% increase and was led by Ramsey County, which rose 862.0% during the one-month period.

Utilities
by County Category
April 1983 and March 1983 Compared

	Cases		Change		Expenditures		Change	
Category	April	March	#	%	April	March	#	%
Urban	205	59	146	247.5%	$ 84,828	$20,599	$64,229	311.8%
Hennepin	68	33	35	106.1%	32,140	10,631	21,509	202.3%
Ramsey	96	5	91	1820.0%	39,123	4,067	35,056	862.0%
St. Louis	41	21	20	95.2%	13,565	5,901	7,664	129.9%
Suburban	65	62	3	4.8%	20,272	17,297	2,975	17.2%
Rural	126	75	51	68.0%	34,914	19,752	15,162	76.8%
State	396	196	200	102.0%	$140,013	$57,649	$82,364	142.9%

A closer look at this program indicates that the costs within the urban counties were primarily for AFDC families while in the suburban and rural counties, the non-AFDC (Other) families predominated. This can be observed in the following tables.

Utilities

AFDC Families

	April	March	Change Number	Change Percent
Urban	$66,821	$17,396	$49,425	284.1%
Hennepin	20,387	9,109	11,278	123.8%
Ramsey	36,463	4,067	32,396	796.6%
St. Louis	9,971	4,220	5,751	136.3%
Suburban	9,384	5,593	3,791	67.8%
Rural	14,930	8,303	6,627	79.8%
State	$91,136	$31,292	$59,844	191.2%

Other Families

	April	March	Change Number	Change Percent
Urban	$18,006	$ 3,203	$14,803	462.2%
Hennepin	11,753	1,521	10,232	67.3%
Ramsey	2,660	--	2,660	--
St. Louis	3,593	1,682	1,911	113.6%
Suburban	10,888	11,704	- 816	- 7.0%
Rural	19,983	11,449	8,534	74.5%
State	$48,877	$26,356	$22,521	85.4%

Minnesota Supplemental Aid (MSA) This program during April displayed increases in the number of recipients and in expenditures. Persons receiving payment numbered 10,130 for an advance of 161 (1.6%), while expenditures totalled $1,182,789 for a monthly increase of $92,658 (8.5%).

Increases in the Aged and Disabled categories, particularly in the urban counties, were influential during April. In the urban counties alone, the number of Aged recipients increased by 41 while the Disabled grew by 92.. This represented 54.7% and 102.2% of the monthly change within these two categories respectively. The expenditure change also reflects the urban counties' influence within the Aged and Disabled categories. Aged expenditures in the urban counties rose by $12,062, thus representing 61.3% of the monthly categorical change. Urban Disabled expenditures registered a monthly advance of $94,583 or 127.9% of this category's monthly change. Hennepin County was the major contributor to this increase, experiencing an advance in initial (new) cases totalling 67 recipients (from 69 to 136) and $52,189 (from $29,878 to $82,067).*

The table below shows the urban counties and the four rural counties which experienced greater than average recipient advances within the Aged and Disabled categories. The monthly Aged and Disabled expenditure changes are also shown.

Counties Experiencing Above-Average Recipient Increases
Plus Expenditure Changes
April and March 1983 Compared

County	Recipient Change Aged	Recipient Change Disabled	Expenditure Change Aged	Expenditure Change Disabled
Dodge	9	8	-$ 128	$ 240
Hennepin	24	65	12,062	94,583
Morrison	6	- 3	457	357
Ramsey	4	21	2,029	18,871
Rice	5	- 3	538	- 3,874
St. Louis	13	6	3,124	2,873
Waseca	13	10	-$ 247	$ 342
Total Change	74	104	$17,835	$113,392

Waseca County's recipient increase is the result of their practice of making $10.00 payments for clothing and personal needs to boarding home residents at quarterly intervals. The four nonurban counties shown above, while experiencing recipient increases, did not collectively influence monthly expenditures.

---

*Hennepin County indicated that this change was due to a procedural anomaly. They previously had developed a backlog of applications and were unable to catch up until March and April.

General Assistance (GA) The total number of persons receiving GA for April 1983 was 11,197. This was 462 (4.0%) less than March 1983 and 2,809 (33.5%) more than April 1982. The average grant (gross dollars) per person for April 1983 was $212.94. This was $6.21 (2.8%) less than March 1983 and $2.34 (1.1%) less than April 1982.

Application activity decreased compared to March. The number of applications received was 17.5% lower and the total applications on hand decreased by 16.2%. The number of applications disposed of decreased by 16.4% to 3,411. Of these, 2,675 (78.4%) were approved.

The 2,675 cases added in April brought the total cases eligible to 11,386. This was a decrease of 3.5% compared to March. Payments were made for 9,798 (86.1%) of the eligible cases. There were 2,764 cases closed which left 8,622 eligible cases continued to May.

TOTAL	135,528	$69,418,055	$686,294,862

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

(3)An additional $5,154 was paid out for EPSDT services during the month; however, these charges were billed in a different fashion and are included under other service types such as Public Health Clinic, Physician/Osteopathic Services, etc. Existing reports do not break these charges out separately.

(1)The number of cases continued into April by Hennepin County was revised, thus decreasing the number of cases open in April by 44.

(2)Unknown for St. Louis County. (3)Due to underreporting for March through June of 1982, all April application figures, except approvals, are greater than those previously published.

(1)August 1983 data is subject to minor adjustments.

(2)MA "Grand Total" - Cases and persons are an unduplicated count, therefore will not agree with total by type of service.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

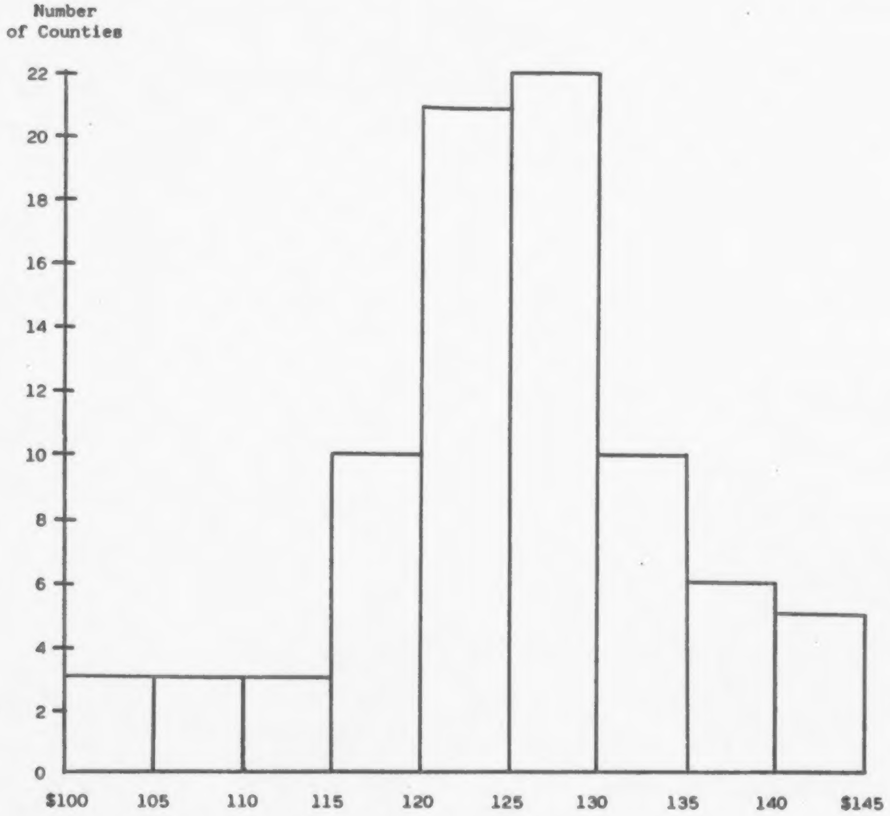
Aid to Families with Dependent Children (AFDC) In May 1983, the average grant per person ranged from $101.23 in Lac Qui Parle County to $144.32 in Stevens County, a range of $43.09. Nineteen (19) counties were below $120.00 and 21 counties were above $130.00. The majority of the counties fell in the $120 to $130 interval including the urban county of St. Louis. The remaining two urban counties were considerably higher with Ramsey at $137.29 and Hennepin at $144.11, the second highest in the state. Statewide, the average grant per person was $132.58.

The median grant was $125.17 and occurred in Pennington and Wadena Counties. Six (6) of the suburban counties with average grants below the median were Benton, Carver, Chisago, Scott, Sherburne and Stearns. Average grants above the median were prevalent in two distinct areas. The first included the north, north-central and northwestern counties (excluding Lake of the Woods, Pennington, Clearwater, Hubbard, and Lake). The other encompassed the Twin Cities and its bordering counties with the exception of Carver and Scott. Other counties falling within this category were sparsely scattered throughout the southern and south-central areas of the state. The graph below depicts by $5.00 intervals the number of counties within each class.



Three significant factors contributing to the variance of average grants between counties are countable income, IV-D refunds, family size and composition. Countable income is a resource considered available for use in providing the basic necessities for the family. It is deducted from the applicable basic standard of need when determining the grant. IV-D refunds are monies supplied for support of the family by an absent parent and are deducted from the total expenditures. The amount received is largely dependent on the effectiveness of the county courts' enforcement system. Also, the time lapse involved in county processing of these refunds such as monthly or quarterly tends toward narrowing or widening the grant range. Family size and composition are interdependent. Counties with proportionately large families such as those with higher percentages of Unemployed Parent cases (usually two adults and two or more children) will yield smaller grants per person and larger grants per case.

Emergency Assistance (EA) During May, this program grew in all major indices--cases, recipients and payments. This is the fourth consecutive month of growth and, like last month, was caused by increased need for utility-related assistance, a common occurrence each April and May.

Cases served during the month numbered 988 for a monthly increase of 127 (14.8%). Nearly half of this advance (62) occurred within the urban counties and was because of Utilities. Ramsey County alone increased 46 cases, 32 of which were AFDC.

May expenditures totalled $344,404 for a gain of $46,522 (15.6%). This advance, too, was spurred by the Utility emergency and was focused in the urban counties. Utilities reached $120,338 in the urban counties and represented a monthly gain of $35,510 (41.9%). Most of this increase, $26,146, was for AFDC families. Utility aid expended on behalf of AFDC families totalled $92,967.

The second largest emergency was Eviction from Shelter, which totalled $100,008. Of this, $68,705 (68.7%) was for AFDC families.

The emergency of No Employment was extended to 25 families and reached $9,196. This amounted to an expenditure increase of $4,632 (101.5%). This emergency is almost entirely a rural county phenomenon. During May, the urban counties placed two families and spent $929 within this category. The suburban counties did not show any such payments during May. The previous month shows the same pattern for these county categories with the urban counties only showing one case and $430.

Minnesota Supplemental Aid (MSA) Declines marked this program during May. The recipient level totalled 10,114 and represented a decline of only 16 (0.2%) from the previous month. Expenditures, by comparison, totalled $1,128,843 and represented a monthly reduction of $53,946 (4.6%).

The recipient change resulted from fewer Aged recipients, down by 24 (0.9%). The expenditure change, by contrast, occurred within the Disabled category, which decreased by $61,171 (6.7%). This reduction, however, was partially checked by a $7,657 (3.1%) increase in expenses for the Aged.

The declines in Disabled payments were registered by the payment areas of Initial -$34,237 (28.1%) and Corrective -$17,318 (27.2%) and were bolstered by increased refunds and cancellations, up $19,277 (26.0%). Most of the Disabled decline occurred in the urban counties, which fell by $64,929 (10.5%) to $552,587. This reduction was bolstered by the suburban counties, which fell by $4,191 (4.4%).

Hennepin County accounted for 83% of the monthly decrease in the Disabled category, with a $50,792 (14.8%) decline. This was caused by reduced Initial payments, down $36,390 (44.3%), and was augmented by increased refunds and cancellations, up $23,564 (154.4%).

General Assistance (GA) The total number of persons receiving GA for May 1983 was 11,083. This was 114 (1.0%) less than April 1983 and 3,209 (40.8%) more than May 1982. The average grant (gross dollars) per person for May 1983 was $207.76. This was $5.18 (2.4%) less than April 1983 and $6.23 (2.9%) less than May 1982.

Application activity decreased compared to April. The number of applications received was 10.3% lower and the total applications on hand decreased by 10.6%. The number of applications disposed of decreased by 10.4% to 3,057. Of these, 2,413 (78.9%) were approved.

The 2,413 cases added in May brought the total cases eligible to 11,035. This was a decrease of 3.1% compared to April. Payments were made for 9,556 (86.6%) of the eligible cases. There were 2,477 cases closed which left 8,558 eligible cases continued to June.

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

*Less than 0.1%.

Aid to Families with Dependent Children (AFDC) The AFDC Program diminished during fiscal year 1983. Declines were registered in all the major indices--cases, persons and payments. The case load averaged 46,543 during each month during fiscal year 1983, a reduction of 2,135 (4.4%) while payments averaged $16,980,038, $29,199 (0.2%) less than the previous year.

If the monthly pattern is viewed, it can be observed that fiscal year 1983 showed a persistent advance and stands in contrast to fiscal year 1982, which displayed a pattern of decline. This may seem contradictory; however, it should be noted that the AFDC Program during fiscal year 1982 was significantly affected by the numerous state and federal enactments. These lowered cases by 10,422 (19.3%) between July 1981 and June 1982, while in fiscal year 1983, cases rose by 4,447 in the corresponding period. The same pattern occurred in expenditures within these time frames.

Payments rose by $14,206,103 in July 1982 to $18,167,283 in June 1983, an increase of $3,961,180 (27.9%). By contrast, payments in fiscal year 1982 decreased from $18,180,900 in July 1981 to $15,068,860 in June 1982, a drop of $3,961,180 (21.8%). Payments in the last quarter of fiscal year 1983 were collectively the highest ever recorded. This was induced by the economic malaise and was bolstered by the 7% increase in standards which occurred February 1, 1983.

The changes in the program within fiscal year 1983 and 1982 obscure the trend in the Unemployed Parent segment, which rose persistently over the two-year period. For example, in fiscal year 1982, Unemployed Parent cases increased from 4,489 in July 1981 to 5,000 in June 1982 for an advance of 511 (11.4%). In fiscal year 1983, it grew from 5,119 in July 1982 to 7,113 in June 1983, an increase of 1,994 (39.0%).

Emergency Assistance (EA) This program was quite stable during June, with only slight fluctuations observable in cases, recipients and expenditures.

The number of families served fell by six during the month to 982. The AFDC category accounted for five (83.3%) of these.

The large emergencies of Utilities alone fell by 74 families; however, this was offset by the emergencies of Eviction (+20), Migrant Families (+34) and Other (+17). The growth of Migrant Families was quite apparent for only 11 families were aided the previous month. Hennepin and the rural counties each recorded five migrant families while Clay reported one. During June, Clay and the rural counties aided 19 families each and Hennepin seven.

June's costs totalled $350,015 for a monthly increase of only $5,611 (1.6%). The emergencies of Eviction ($110,914) and Utilities ($170,338) were again the program's costliest components, together representing 80.4% of monthly costs.

These emergencies in combination were quite stable, declining by only $4,110. Individually, it was a mixed pattern, with Eviction up $10,906 and Utilities down $15,016. Aid to migrant families bolstered monthly costs by rising $8,506 (292.8%), most of which ($5,152) was to "Other" non-AFDC families. Clay County expended $4,245 for a one-month increase of $4,165 to "Other" families. Of the rural counties, Renville served the greatest number of "Other" families (13) and spent $1,974 doing so.

During the 1982-1983 heating season, $1,323,267 was spent for Utilities by the county agencies. This represents 37.9% of the EA expenditures during fiscal year 1983. This emergency category is shown in the following table.

Emergency Assistance
Utilities
Fiscal Year 1983

Month	Cases	Persons	Payments
July 1982	507	1,843	$ 161,709.85
August	417	1,510	143,194.00
September	410	1,467	123,354.11

May	487	1,757	185,353.93
June	413	1,485	$ 170,338.30
Total	3,894	14,243	$1,323,267.06
Average	324.50	1,186.92	$ 110,272.26

The Emergency Assistance Program declined during fiscal year 1983. The number of cases fell by 16.7%, persons by 18.6% and expenditures by 8.8%. Factors responsible for these declines appear to include a stricter interpretation of the manual, a closer look at the resources available at the time of the emergency and additional community services. An underlying aspect that should not be discounted was a desire by the county agencies to curtail costs during difficult economic times.

Minnesota Supplemental Aid (MSA) This program was basically stable during June but registered a slight decline in recipients, down 40 (0.4%) coupled with a small expenditure advance of $35,589 (3.2%).

Recipients numbered 10,074 in June. Most of the decline occurred within the Aged category (-58) and was focused within the urban counties, which registered a loss of 36, thereby accounting for 62.1% of the Aged recipient change. Hennepin County was particularly influential, registering 27 more refunds and cancellations than the previous month when two were recorded. During June, the number of Disabled recipients grew by 21 to 7,267. Hennepin County was again the major precipitator of change, recording nine additional recipients. This was induced by greater numbers of current recipients (+21) augmented by those requiring assistance because of Special Needs (+28). This growth, however, was partially checked by fewer Initial (new) recipients (-14) and by greater numbers of refunds and cancellations (+26).

Payments totalled $1,164,432 during the month. This one-month advance of $35,589 (3.2%) occurred because of higher Disabled payments, up $55,193 (6.5%), particularly in the urban counties, whose advance of $53,080 represented 96.2% of the monthly Disabled change. Hennepin County was the largest contributor, expending $328,845 for the Disabled, a monthly change of $37,427 (12.8%). St. Louis County expended $132,219, up $21,896 (19.8%) from May, thereby capping the monthly increase.

Recipients averaged 9,975 per month during fiscal year 1983. This was 227 (2.2%) fewer than recorded last fiscal year. The Aged category was responsible for this reduction, falling 218 (7.4%) from fiscal year 1982.

Expenditures averaged $1,074,259 during each month of the fiscal year. This was $78,181 (7.8%) per month higher than the previous fiscal year. The growth of fiscal year expenditures since the implementation of the MSA Program has been persistent and is noted in the following table.

Minnesota Supplemental Aid
Changes in Expenditures and Monthly Grants
Fiscal Years 1974 - 1983

Fiscal Year	Fiscal Expenditure	% of Change	Average Monthly Grant Per Person	% of Change
1974 (½ year)	$ 2,709,366		$ 44.21	
1975	5,252,641	- 3.1%*	50.42	14.0%
1976	5,222,438	- 0.6%	62.54	24.0%
1977	5,285,057	1.2%	77.58	24.0%
1978	6,871,337	30.0%	53.58	-32.2%
1979	8,951,944	30.3%	68.22	27.3%
1980	9,808,386	9.6%	76.28	11.8%
1981	11,082,771	13.0%	88.62	16.2%
1982	11,952,939	7.9%	97.64	10.2%
1983	$12,891,111	7.8%	$107.70	10.3%

*1974 expanded for comparison purposes.

General Assistance (GA) The total number of persons receiving GA for June 1983 was 10,674. This was 409 (3.7%) less than May 1983 and 2,981 (38.7%) more than June 1982. The average grant (gross dollars) per person for June 1983 was $206.35. This was $1.41 (0.7%) less than May 1983 and $11.16 (5.1%) less than June I982.

Application activity increased compared to May. The number of applications received was 1.4% higher and the total applications on hand increased by 0.2%. The number of applications disposed of decreased by 1.6% to 3,009. Of these, 2,347 (78.0%) were approved.

The 2,347 cases added in June brought the total cases eligible to 10,544. This was a decrease of 4.4% compared to May. Payments were made for 9,225 (87.5%) of the eligible cases. There were 2,467 cases closed which left 8,077 eligible cases continued to July.

Medical Assistance (MA) This fiscal year's performance of Minnesota's largest welfare program can be summarized as a modest growth in the number of recipients and a sizeable increase in expenditures. The cost reached nearly $840,000,000, for a yearly advance of $89,787,367 (12.0%). By contrast, the number of recipients rose by 2.3% during this period. The following table shows the growth of this program since 1975.

SFY	Expenditure	% Change	Average Monthly Recipients	% Change	Average Monthly Cost Per Recipient
1983	$839,378,313	+12.0	138,046	+ 2.3	$452.50
1982	749,590,946	+14.0	134,906	- 0.4	463.03
1981	657,814,974	+16.1	135,472	+10.6	404.64
1980	566,368,921	+22.7	122,524	+ 4.0	385.21
1979	461,615,020	+13.3	117,761	- 0.8	326.66
1978	407,486,537	+10.8	118,737	+ 4.4	285.99
1977	367,624,575	+14.3	113,756	- 1.1	269.31
1976	321,575,493	+23.1	115,006	-11.5	233.01
1975	$261,226,844	--	129,960	--	$167.50

As this table shows, costs have increased 221.3% over this period of years, while the average number of monthly recipients has been relatively constant with a net increase of only 6.2%.

The major portion of the expenditure for MA continues to result from the long-term care program. Therefore, the next table isolates costs of long-term care (nursing home and State Hospital per diems) for the same period tabulated above.

SFY	Expenditure	% Change	Average Monthly Recipients	% Change	Average Monthly Cost Per Recipient
1983	$553,832,257	+11.3	35,776	+ 1.7	$1,290.04
1982	497,579,351	+15.8	35,168	+ 2.5	1,179.05
1981	429,773,055	+15.9	34,295	+ 2.9	1,044.29
1980	370,713,432	+27.2	33,319	+ 5.8	927.19
1979	291,438,612	+13.5	31,493	+ 1.2	771.17
1978	256,886,540	+16.3	31,121	+ 1.5	687.87
1977	220,863,934	+19.2	30,672	+ 1.9	600.07
1976	185,226,051	+20.6	30,110	- 2.7	512.64
1975	$153,618,860	--	30,948	--	$ 413.65

The expenditure for long-term care has risen 260.5% over the period, while the average number of recipients per month has increased only 15.6%. It is significant that long-term care has been between 57.6% and 66.4% of the total MA expenditure, and this percentage has generally been increasing from year to year.

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

(1)Unknown for St. Louis County. (2)The number of cases continued into June by Carver, Fillmore, Freeborn, Hennepin, Region VIII North, and Waseca Counties was revised, thus decreasing the number of cases open in June by 361. (3)Due to underreporting for March through June of 1982, all June application figures, except approvals, are greater than those previously published.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

(b) Includes post-closing persons and cases.

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) The AFDC Program remained relatively stable during July, with the number of cases and persons advancing by only 0.1%. Only the payment level, at $18,852,199, grew to any degree. It rose $684,916 or 3.8%. Most of the payment increase occurred in the Regular segment; only $204,632 was attributed to the Unemployed Parent segment.

The Unemployed Parent component of AFDC increased dramatically over the past four years. Cases receiving payment in July 1983 totalled 7,057, an advance of 1,938 (37.9%) over July 1982 and 5,798 (460.5%) greater than July 1979. July 1979 represented a turning point for the Unemployed Parent segment for it ushered in a period of rapid growth that stands in sharp contrast to the growth pattern previously exhibited--a slow growth interspersed with fluctuations. The rapid growth of the Unemployed Parent category following July 1979 resulted from the economic downturn and its associated manifestations--diminished economic activity, layoffs and higher unemployment. Many of these families initially drew unemployment compensation, but after the exhaustion of this benefit turned to public assistance.

Most of the growth in the Unemployed Parent segment over the past year occurred in the urban counties. Between July of 1982 and 1983, these counties increased 52.8%, which is considerably more than the rural counties at 31.3% and the suburban counties at 23.2%. Looking at the distribution of the Unemployed Parent case load during July, we observe that 42.5% were urban, 39.0% rural and 18.5% suburban. Counties with over 100 paid Unemployed Parent cases in rank order are Ramsey 1,044, St. Louis 1,041, Hennepin 912, Anoka 297, Itasca 244, Dakota 178, Crow Wing 153, Wright 143, Stearns 133, Carlton 126, Washington 121, Blue Earth 117, Beltrami 112 and Martin 102. These 14 counties contain 66.9% of the total Unemployed Parent cases. Statewide, Unemployed Parents comprised 14.6% of the total paid case load.

Expenditures sustained an even higher rate of advance, reaching $3,650,491, an increase of $1,352,199 (58.8%) above July 1982 and $3,130,699 (602.3%) over July 1979. Unemployed Parent average grants per case were as follows: statewide $517.28, urban $531.61, suburban $508.95 and rural $505.65.

The following table shows a comparison of cases, recipients and payments for the month of July in the years 1979 to 1983.

	Cases	Recipients	Payments
July 1983	7,057	30,266	$3,650,491
July 1982	5,119	21,683	2,298,292
July 1981	4,489	18,836	2,111,860
July 1980	2,770	11,770	1,234,519
July 1979	1,259	5,387	$ 519,792

A 13-month overview of this Unemployed Parent category is shown in the table on page 4.

AFDC Unemployed Parents

Emergency Assistance (EA) This program displayed a pattern of decline during July. The numbers of families requiring assistance and the persons involved displayed nominal declines. However, only the payment level, off $23,803, was significant.

Families requiring assistance numbered 962 during the month. This was 20 (2.0%) fewer than June and 175 (15.4%) less than one year ago. Most of the July change occurred in the non-AFDC segment, which declined by 18 cases (6.1%). The monthly change was centered in Hennepin and Ramsey Counties which together reported a reduction of 30 families (21 in Hennepin and nine in Ramsey).

Hennepin County's change was focused in the emergency of Utilities, where they posted a loss of 38 families, 20 of which were non-AFDC. This impact, however, was partially checked by their performance in the category of Eviction, which rose by 10 families, seven of which were non-AFDC recipients.

July's expenditures totalled $326,212, a reduction of $23,803 (6.8%) from June and $13,529 (4.0%) less than one year ago. The monthly change was focused in Hennepin County. Here, the payment level declined $33,439 to $144,486. Most of the monthly decline ($22,518) occurred within the category of Utilities, but was further supported by a $10,607 reduction in the category of Eviction. Within these two emergencies in Hennepin County, $23,530 (70.4%) occurred within the AFDC segment.

Minnesota Supplemental Aid (MSA) In July, this program experienced a reduction in the number of recipients aided and in expenditures. Recipients declined for the fourth consecutive month, but did not show as great a change (1.1%) as expenditures (4.1%).

Recipients numbered 9,968, 106 (1.1%) fewer than May but 21 (0.2%) higher than one year ago. The monthly reduction was widespread, with the Aged category declining by 21 cases (0.8%) while the Blind and Disabled categories fell by four (2.6%) and 81 (1.1%) cases respectively. Most of the Aged recipient decline

(66.7%) occurred in the urban counties and resulted from fewer current recipients. The Disabled decrease, while not so centralized, was focused in the urban (-31) and rural (-28) counties. Fourteen (14) rural counties posted recipient reductions of three or more. The suburban counties had 12 fewer disabled recipients than last month.

Expenditures totalled $1,116,360. This represents a reduction of $48,072 (4.1%) from last month. In general, the urban counties accounted for most of the expenditure decline, representing all of the Disabled reduction of $34,536 because of lower current and corrective payments, augmented by higher refunds and cancellations. The urban counties also played a significant role in lowering Aged payments. Their $5,562 decrease represented 41.8% of the monthly reduction and exceeded the losses posted by the suburban (-$3,512) and rural (-$4,219) counties.

General Assistance (GA) The total number of persons receiving GA for July 1983 was 10,637. This was 37 (0.3%) less than June 1983 and 2,774 (35.3%) more than July 1982. The average grant (gross dollars) per person for July 1983 was $207.59. This was $1.24 (0.6%) more than June 1983 and $8.67 (4.0%) less than July 1982.

Application activity increased compared to June. The number of applications received was 0.9% higher and the total applications on hand increased by 2.5%. The number of applications disposed of increased by 3.3% to 3,109. Of these, 2,462 (79.2%) were approved.

The 2,462 cases added in July brought the total cases eligible to 10,422. This was a decrease of 1.2% compared to June. Payments were made for 9,166 (87.9%) of the eligible cases. There were 2,352 cases closed which left 8,070 eligible cases continued to August.

(1) This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2) Recipient recoveries represent third party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.

(a) Excluded when calculating the total persons for all programs.
(b) Includes post-closing persons and cases.

Aid to Families with Dependent Children (AFDC) Net expenditures totalled $17,793,140, decreasing $1,059,059 (5.6%) despite an increase in cases paid of 724. This decline in expenditures is attributed to a rise in IV-D refunds of $1,502,216. Total IV-D refunds for August 1983 were $4,239,963. The rise in support payments (usually occurs in August) is related to Project Intercept, a federal income tax refund interception process which allows support payments in arrears to be deducted from federal tax refunds.

Case increases were Regular 558 (1.4%) and Unemployed Parent 166 (2.4%). Regular case gains by county type are urban 367 (1.7%), rural 155 (1.3%) and suburban 36 (0.4%), contrasted with Unemployed Parent increments for urban of 170 (5.7%), rural 9 (0.3%) and a suburban decline of -13 (-1.0%). St. Louis County, economically depressed with a high unemployment rate, showed by far the largest gain in Unemployed Parents, rising 135 (13.0%) cases. Of the total urban Unemployed Parent increase, 79.4% occurred in St. Louis County.

Emergency Assistance (EA) An increase within the emergency of eviction was the causal factor behind the August increase for this program. The numbers of families and recipients served during August were the highest recorded since October 1982. Payments, too, set a new yearly mark, the highest posted since June 1982 when $388,705 was expended.

Families with emergencies numbered 1,019 in August, 57 (5.9%) more than July. This was 85 (7.7%) below the level one year ago. AFDC families continue to be the majority, representing 73.1% of those served. Also this month, the number of AFDC families increased by 62 (9.1%). The emergency of eviction alone increased by 78 families or 25% and represented 38.3% of the families aided during August.

The urban counties represented the bulk of the eviction emergency (76.4%), with Hennepin County predominating (70.3% of state). Also, Hennepin County was the focus of increase, with an advance of 56 families (25.7%). Their AFDC component alone increased by 64 families.

August's expenditures grew by $38,865 (11.9%) to $365,077. Eviction, at $40,180, more than accounted for this monthly change. Hennepin County alone represented 64.6% of this change with its $25,955 advance. All of this change was AFDC related.

Higher costs for eviction were posted by all county types. Although the urban counties sustained the largest numerical advance of $29,925 (38.5%), the largest relative change occurred in the rural counties where a growth of $6,404 (78.9%) was recorded. By contrast, the suburban counties grew $3,851 (22.6%).

The Emergency Assistance Program is heavily influenced by Hennepin County. Their monthly utilization rate for evictions, for instance, exceeds the other urban counties and other county categories. The following table shows this clearly.

AFDC Cases With
Utilities and Evictions Emergencies
Paid by Emergency Assistance

	AFDC Cases in August	Utilities Emergencies		Eviction Emergencies	
		Cases	Rate	Cases	Rate
Urban	24,844	179	0.7	265	1.1
Hennepin	12,984	97	0.7	255	2.0
Ramsey	7,463	66	0.9	8	0.1
St. Louis	4,397	16	0.4	2	0.0
Suburban	9,153	19	0.2	30	0.3
Rural	15,101	61	0.4	11	0.1
State	49,098	259	0.5	306	0.6

Minnesota Supplemental Aid (MSA) A stable recipient and expenditure level characterized this program during August. The changes experienced were modest since the number of recipients increased by only 13 (0.1%) while expenditures declined $12,678 (1.1%).

The Disabled category influenced the direction of the monthly change, but was partially checked by the Aged, which exhibited a countervailing trend.

The monthly Disabled recipient change totalled +32 and occurred in the urban (+16) and suburban (+15) counties. The urban counties also supported the expenditure decline by posting a $14,484 reduction. This was augmented by a $4,021 loss in the rural counties. The urban county change was due particularly to less cost, -$14,725, for Initials in Ramsey County which resulted in a $6,651 reduction for the month.

Statewide, the Disabled expenditures fell because of lower initial payments (-$15,000) and greater refunds and cancellations ($5,181).

The Aged recipient change was centered in the suburban (-9) and rural (-19) counties. The expenditure change was primarily a rural occurrence, reaching $7,376. This was capped by a $2,049 advance by the rural counties.

The following table shows the living arrangements of MSA recipients as taken from the Welfare Information System for June 1983. As can be seen, the majority (70.0%) require residential care. Only 23.2% reside in their own home or in a rental situation.

Minnesota Supplemental Aid
Living Arrangements of Recipients
June 1983

Living Arrangement	Recipients	Percent
Skilled Nursing Facility	1,348	13.5%

Halfway House	36	0.3
Private Group Home	63	0.6
Other	65	0.7
Total	9,956	100.0%

General Assistance (GA) The total number of persons receiving GA for August 1983 was 11,202. This was 565 (5.3%) more than July 1983 and 3,318 (42.1%) more than August 1982. The average grant (gross dollars) per person for August 1983 was $207.09. This was $0.50 (0.2%) less than July 1983 and $16.03 (7.2%) less than August 1982.

Application activity increased compared to July. The number of applications received was 13.5% higher and the total applications on hand increased by 11.8%. The number of applications disposed of increased by 11.7% to 3,472. Of these, 2,737 (78.8%) were approved.

The 2,737 cases added in August brought the total cases eligible to 10,807. This was an increase of 3.7% compared to July. Payments were made for 9,597 (88.8%) of the eligible cases. There were 2,503 cases closed which left 8,304 eligible cases continued to September.

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

(a) Excluded when calculating the total persons for all programs.
(b) Includes post-closing persons and cases.

Aid to Families with Dependent Children (AFDC) Net expenditures in September advanced sharply, up $2,099,241 (11.8%) from August to $19,892,382. This advance was primarily the result of a $1,831,116 reduction in IV-D refunds (child support), though greater numbers of families (546) requiring assistance also played a part.

The majority of the case load change, 276 (50.5%), involved Unemployed Parent situations, 231 (83.7%) of which occurred in the urban counties. St. Louis County has the greatest number of Unemployed Parent cases at 1,371. This is 298 (21.8) more than Ramsey County and 417 (30.5%) above Hennepin County. The other two county types, suburban and rural, grew nominally at 32 (2.5%) and 13 (0.5%) respectively.

The following tables are a comparison of the AFDC Program during the first quarters of fiscal years 1983 and 1982. They show monthly averages for the quarter and the changes which occurred.

Monthly Averages

	July - September 1983			July - September 1982		
	Total	Regular	UP	Total	Regular	UP
Cases	49,039	41,779	7,260	44,586	39,091	5,495
Caretakers	54,027	39,745	14,282	47,864	37,037	10,827
Children	88,870	72,195	16,675	79,908	67,472	12,436
Total Recipients	142,897	111,940	30,957	127,772	104,509	23,263
Payments	$18,845,907	$15,086,627	$3,759,280	$14,555,387	$12,037,056	$2,518,331

Changes within the AFDC Program
July - September 1983 and 1982 Compared

	Total	Regular	Unemployed Parent
Cases	4,453 (10.0%)	2,688 (6.9%)	1,765 (32.1%)
Caretakers	6,163 (12.9%)	2,708 (7.3%)	3,455 (31.9%)
Children	8,962 (11.2%)	4,723 (7.0%)	4,239 (34.1%)
Total Recipients	15,125 (11.9%)	7,431 (7.1%)	7,694 (33.1%)
Payments	$4,290,520 (29.5%)	$3,049,571 (25.3%)	$1,240,949 (49.3%)

It is clearly evident from the previous tables that the downturn which continued throughout fiscal year 1982 has reversed and that cases and payments have risen rapidly over the past year. Payments rose at a faster rate than the other elements as a result of increases in the basic standard of 7% in February 1983 and 5% in July 1983, for a total of 12.0%.

Emergency Assistance (EA) The word "decline" would appropriately describe this program during September. The largest decrease occurred in the number of families served, which slipped by -102 (-10.0%) to 917. The expenditure level, by comparison, contracted -$24,185 (-6.6%) to $340,892.

The urban counties were again the focus of change, serving 575 families (-113) at a cost of $229,228 (-$33,285).

Broadly based, the monthly decline occurred in most of the emergency categories. The largest reductions occurred within the five categories of Other -$13,367, (-31.0%), Utilities -$10,392 (-6.8%), Fire -$2,978 (-73.1%), Migrant Family -$2,492 (-56.3%) and Illness -$1,630 (-29.5%). Of the two emergencies experiencing increase, only Evictions, up $7,711 (5.4%) grew substantially.

The reduction was concentrated within the AFDC segment, which lost 83 families (-11.1%) and -$19,863 (-7.6%). The "Other Families" category, by comparison, declined by -19 families (-6.9%) and -$4,332 (-4.1%).

During September, the case composition was predominantly AFDC (72.2%). This was noticeably higher than the 65.2% recorded in September 1982.

Minnesota Supplemental Aid (MSA) During September, this program showed little fluctuation from the previous month. Recipients aided numbered 9,930, off only -51 (-0.5%) while expenditures advanced only $3,305 (0.3%) to $1,106,990. The mild recipient decline was the result of nominal declines in the Aged -30 (-1.2%) and Disabled -29 (-0.4%) categories. The Aged change was centered in the urban (-12) and rural (-13) counties, while the Disabled change was entirely an urban county (-43) phenomenon.

The Aged expenditure change like that of recipients was an urban (-$5,096) and rural (-$11,798) situation while the Disabled category grew as a result of higher costs reported by the suburban ($880) and rural ($19,163) counties.

General Assistance (GA) The total number of persons receiving GA for September 1983 was 11,446. This was 244 (2.2%) more than August 1983 and 3,278 (40.1%) more than September 1982. The average grant (gross dollars) per person for September 1983 was $207.21. This was $0.12 (0.1%) more than August 1983 and -$5.28 (-2.5%) less than September 1982.

Application activity decreased compared to August. The number of applications received was -1.6% lower and the total applications on hand decreased by -0.5%. The number of applications disposed of decreased by -0.7% to 3,449. Of these, 2,782 (80.7%) were approved.

The 2,782 cases added in September brought the total cases eligible to 11,086. This was an increase of 2.6% compared to August. Payments were made for 9,850 (88.9%) of the eligible cases. There were 1,806 cases closed which left 9,280 eligible cases continued to October.

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program.
	The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively.
	Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system.
	Recipients are divided into two categories:
	(1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA.
	(2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

8/6/84 S4240-1 A

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) Expenditures in October shattered the $20 million mark, reaching $20,294,673, a program high. This represented a monthly advance of $402,291 (2.0%). Since the expenditure change was so pronounced, average grants set new records, too, reaching $407.79 per family and $139.72 per person. The increase resulted from a reduction in IV-D refunds (-$160,967), lower non-IV-D refunds and cancellations (-$141,861) and because of an advance in the number of cases served, which caused a $50,000 gain.

The number of families aided advanced during October, rising by 124 (0.3%) to 49,768. This was the fifth consecutive monthly advance and the highest number recorded in 21 months since January 1982.

The increase in the number of families occurred in the Regular segment, which grew by 197 (0.5%). The rural (+96) and urban (+81) counties set the trend and were bolstered by the suburban counties, which increased by 20. The Unemployed Parent segment mitigated the overall advance in the number of families, with its decline of 73 families or 1.0%. Here, the rural counties led the way by posting 85 (3.1%) fewer UP families. This also was the collective experience of the suburban counties, which sustained a loss of 11 (0.8%). The urban counties, by contrast, reported a gain of 23 families (0.7%). This increase was entirely attributable to St. Louis County, which served 30 (2.2%) more Unemployed Parent families than in September.

Of the urban counties, St. Louis has more than its share of AFDC Unemployed Parent families. The October increase enabled it to surpass the 1,400-family mark, thus accounting for 18.9% of Minnesota's UP families and 41% of the urban UP total. The composition of the AFDC Program is shown in the table which follows.

AFDC
Regular and Unemployed Parent Families
by Type of County
October and September 1983 Compared

	Regular		Change		Unemployed Parent		Change	
	October	September	#	%	October	September	#	%
Urban	21,905	21,824	81	0.4%	3,421	3,398	23	0.7%
Hennepin	12,142	12,087	55	0.5	952	954	- 2	-0.2
Ramsey	6,482	6,444	38	0.6	1,068	1,073	- 5	-0.5
St. Louis	3,281	3,293	- 12	-0.4	1,401	1,371	30	2.2
Suburban	7,939	7,919	20	0.3	1,316	1,327	-11	-0.8
Rural	12,498	12,402	96	0.8%	2,689	2,774	-85	-3.1%
Total	42,342	42,145	197	0.5%	7,426	7,499	-73	-1.0%

Emergency Assistance (EA) This program registered a slight advance during October, with cases increasing by 10 (1.1%) to 927, persons up 155 (4.9%) to 3,314 and payments gaining $6,953 (2.0%) to $347,845. The monthly increase was attributable to higher case loads (+41, 31.5%) and increased costs (+$13,184, 25.2%) in the suburban counties.

The largest gains within the suburban counties were posted by Dakota (+11 families and $7,254) and Washington (+16 families and $6,211) Counties. Most of the increase occurred in the "Other" (non-AFDC) category. This category represented 71.3% of the Dakota County change and 63.4% of the increase in Washington County.

The largest emergency during October was Utilities, serving 392 (+33) families at a cost of $160,443 (+$18,965). The category of Evictions experienced a reduction totalling 65 families and $28,833 during October to become the second-most prevalent emergency.

Minnesota Supplemental Aid (MSA) This program exhibited stability during October. What little change occurred was mixed, with recipients showing the only increase of 51 (0.5%) to 9,981. Expenditures, by contrast, recorded a $2,089 (0.2%) reduction to $1,104,901.

The recipient change resulted primarily from increases in the number of Aged (+34) and Disabled (+18). Three counties contributed to these increases. The Aged advance resulted from higher recipient numbers in Dodge (+8), Hennepin (+9) and Waseca (+14) Counties. Within the Disabled, these three counties increased by five, 38, and nine respectively. This growth in Disabled recipients, however, was moderated somewhat by an 18-recipient reduction in Ramsey County. Although payments declined slightly, the expenditure pattern was mixed, with the Aged category sustaining a $4,062 advance because of higher Special Needs (+3,659). Its impact, however, was countered by a $5,364 reduction in Disabled payments resulting from higher refunds and cancellations ($11,045) in the urban counties, particularly Hennepin ($9,727).

General Assistance (GA) The total number of persons receiving GA for October 1983 was 15,870. Eligibility requirements for GA changed October 1 to allow persons on the program who meet the financial requirements but not the former eligibility category requirements. The number of GA recipients was 4,424 (38.7%) more than for September 1983 and 7,334 (85.9%) more than October 1982. Although some of the increase this month is due to the typical Fall increase in GA, most of the increase is due to the changed eligibility requirements.

On October 1, 1983, most of the former eligibility categories became exemptions from Job Services registration. Of the 10 former eligibility categories, only lacks English language skill and lacks marketable job skill did not become exemption categories. Listed below are the 13 exemptions from Job Services registration which became part of the current GA Program:

Illness, injury, incapacity
Person needed in the home
Resident of rehabilitation facility
Battered women's shelter care
Displaced homemaker
Mentally ill or retarded
SSI applicant
Advanced age
Work training program (new)
Adult in home with employed or registered adult (new)
Certified unemployable by Department of Economic Security (new)
Suitably employed (new)
Emergency GA only (new)

The average grant (gross dollars) per person for October 1983 was $228.59. This was $21.38 (10.3%) more than September 1983 and $11.35 (5.2%) more than October 1982.

Application activity increased compared to September. The number of applications received was 88.9% higher and the total applications on hand increased by 81.8%. The number of applications disposed of increased by 83.5% to 6,329. Of these, 5,477 (86.5%) were approved.

The 5,477 cases added in October brought the total cases eligible to 14,757. This was an increase of 33.1% compared to September. Payments were made for 14,017 (95.0%) of the eligible cases. There were 1,476 cases closed which left 13,281 eligible cases continued to November.

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

(1) April 1984 data subject to minor changes.
(2) MA - "Grand Total" cases and persons are an unduplicated count.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

(b) Includes post-closing persons and cases.

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) Expenditures advanced $164,695 (0.8%) during November. This advance represented the third consecutive month of growth and caused another record, at $20,459,368, to be set. Most of the expenditure change occurred within the Regular component with only $31,807 (19.3%) attributable to the Unemployed Parent category.

The number of families aided remained essentially stable at 49,724, down 44 (0.0%) compared to October.

During November, 54,857 adults and 90,176 children were supported through AFDC. The Welfare Information System file dated November 30, 1983 can conveniently profile this group by characteristics such as sex and age, grouped by children (under age 19) and adults. According to the file, 53.3% of the children were born after December 31, 1976 with 1981 containing the greatest number of children. These children are under the age of seven. Children born between January 1, 1970 and December 31, 1976 represent 33.4% of the eligible children. Ages of these children range in age from seven through 13. The remaining 13.3% are 14 years of age and over. Of the total eligible children, 50.8% are male and 49.2% female. Males outnumber females in all birth years with the exception of 1968 and 1969.

Birth years for adults are reported from 1924 through 1971. Persons born prior to 1924 are lumped into one group. The extremes show that one caretaker was born in 1971 while the birth years for 441 caretakers preceded 1924. The years 1954 through 1962 (ages 21 through 29) account for 48.5% of the eligible caretakers. The largest age group of caretakers (12.0%) are 23 and 24 years of age. After age 24, the number of caretakers per year of age begins to taper off gradually through age 29 and then declines at a faster rate. The remaining caretakers fall into the following age categories: 30 through 39 - 29.5%, 40 through 49 - 9.3%, 50 and over - 3.7% and the youngest group 20 and under - 9.0%. The youngest female and male caretakers were born in 1971 and 1966 respectively.

Of the total eligible caretakers, 84.7% are female and 15.3% are male. The proportion of male caretakers are rising as a result of the influx of Unemployed Parent cases during the past several years. The greatest number of male caretakers was born in 1959, 1953 and 1955 compared to 1959, 1960 and 1958 for the female caretakers.

Emergency Assistance (EA) This program displayed another decline in November, with cases off 15.1% and expenditures down 26.1%. Totals so low (cases 787 and expenditures $257,201) have not been recorded since March.

Utility-related activity was at the forefront of this change, declining by 182 cases (-46.4%). Payments were even more dramatic, plummeting by $95,841 (-59.7%). The AFDC segment accounted for 64.3% of the recipient change and 61.2% of the expenditure change within this emergency category. The urban counties were the focus of change, particularly within the AFDC segment. However, they were also the source of the greatest payment decline for the non-AFDC group.

Minnesota Supplemental Aid (MSA) This program declined slightly during November. Recipients, numbering 9,934, were 47 (0.5%) fewer than the previous month while expenditures, at $1,087,397, represented a change of $17,504 (1.6%).

The largest recipient change occurred within the Aged category and totalled -26 (-1.0%). Although Hennepin (-9) and Ramsey (-6) played a part, the largest contribution was Waseca County (-15), who regularly makes payment for personal needs in board and care situations at quarterly intervals, as in October. In spite of the Aged recipient decrease, payments rose by $1,375 (0.6%).

The Disabled category sustained a smaller recipient reduction of -20 (-0.3%) and an expenditure change of $17,504 (1.6%). Hennepin County was the major factor behind this expenditure decline with its loss of $43,703. Lower corrective payments, -$16,455, and Special Needs, -$3,283, contributed to its change, but higher refunds and cancellations, +$23,420, played the major role. The fluctuation of the Disabled recipient category was centered in the rural counties, which posted a recipient reduction of 36 to 2,285. This was partially nullified by the suburban and urban categories, which advanced by 14 and two respectively. Waseca County accounted for eight cases or one-quarter of the recipient change again because of quarterly payments.

General Assistance (GA) The total number of persons receiving GA for November 1983 was 15,917. This was 47 (0.3%) more than October 1983 and 6,897 (76.5%) more than November 1982. The average grant (gross dollars) per person for November 1983 was $229.24. This was $0.65 (0.3%) more than October 1983 and $17.46 (8.2%) more than November 1982.

Application activity decreased compared to October. The number of applications received was 7.3% lower and the total applications on hand decreased by 4.1%. The number of applications disposed of decreased by 4.1% to 6,070. Of these, 5,126 (84.4%) were approved.

The 5,126 cases added in November brought the total cases eligible to 18,407. This was an increase of 24.7% compared to October. Payments were made for 14,113 (76.7%) of the eligible cases. There were 2,299 cases closed which left 16,108 eligible cases continued to December.

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) December expenditures sustained another substantive increase, reaching $20,975,711, an advance of $516,343 (2.5%). This is $4,160,230 (24.7%) higher than December 1982. Most (72.7%) of the November to December change was due to a $375,357 reduction in child support payments which totalled $1,707,750 during December.

The number of families receiving assistance also grew but at a lower rate, reaching 50,238 during the month for an increase of 514 (1.0%). The December family level represents the sixth consecutive month of advance and is 4,344 families (9.5%) higher than one year ago.

County agencies received 12,773 applications during the October through December 1983 quarter. This represents a slight increase of 320 (2.6%) over the same quarter in 1982 and a decrease of 199 (1.5%) from July through September 1983. The rise in applications over one year ago occurred in the Regular segment while the Unemployed Parent segment remained relatively stable, dropping by only 19 cases. By comparison, during the previous quarter, the decrease occurred primarily in the Unemployed Parent segment where applications declined by -171 (-5.3%) compared to -28 (-0.3%) for Regular. In the current quarter, Unemployed Parents comprised 20.0% of the total applications as opposed to 25.0% in the July through September 1983 quarter. In the recent quarter, the distribution of Unemployed Parent applications was 42.0% rural, 32.5% urban and 25.5% suburban.

Applications pending from the prior quarter numbered 603, thereby producing a sum of 13,376 applications on hand. Disposition of the applications were approved 11,226, denied 1,238, application withdrawn 436, unable to locate or moved 21, and pending at end of quarter 455. Of the pending cases, 371 were awaiting action for 45 days or less and 84 for over 45 days.

Emergency Assistance (EA) This program contracted during December to 681 cases and $229,195. This is a reduction of 106 (13.5%) cases and $28,006 (10.9%) from November. These are the lowest totals recorded since February when 624 families received assistance at a cost of $193,340.

The Utility emergency, a distant second when compared to Evictions during December, was the major factor behind the monthly decline. This emergency declined by 95 cases (45.2%) to 115 and experienced a cost reduction of $31,842 (49.3%). Hennepin County alone accounted for 49.5% of the case (-47) and 68.8% of the expenditure (-$21,909) change. Most of this decline, 42 cases and $18,409, occurred within the AFDC segment.

Evictions, the largest emergency during December, displayed a mixed pattern marked by declining cases, off 22 (-6.2%) to 334, and rising payments, up $6,560 (5.0%) to $137,563. The suburban and rural counties were responsible for the advance, partially offsetting the case decline in Hennepin County and nullifying its expenditure reduction.

The emergency of "No Employment" has always been a small assistance category. This is due to the fact that it contains only non-AFDC families (AFDC families are excluded) and because the problems which typically arise for these families are more appropriately classified under another emergency. Unlike the two other emergencies previously discussed, the distribution of this emergency is primarily rural. The rural counties, at $9,235, represented 86.4% of the total state expenditure of $10,694. This is in sharp contrast to the urban counties (Ramsey) which spent only $646 while the suburban counties totalled $813 (Clay $339 and Washington $474). The 12 rural counties recording this emergency during December are as follows:

Emergency Assistance
No Employment
Rural Counties

County	Cases	Expenditures	County	Cases	Expenditures
Becker	5	$1,139	Koochiching	1	$ 75
Beltrami	1	460	Meeker	3	383
Chippewa	1	428	Nobles	1	68
Clearwater	1	412	Pope	1	364
Itasca	8	4,490	Renville	2	894
Kandiyohi	1	$ 96	Stevens	2	$428

Minnesota Supplemental Aid (MSA) This program remained relatively stable during December, with recipient numbers declining slightly -17 (-4.2%) to 9,917 and expenditures rising $25,100 (2.3%) to $1,112,497. The recipient change resulted from lower activity in the Aged category -28 (-1.1%) caused by lower activity in the rural counties, whose Aged recipients were 22 (-1.7%) fewer than the preceding month.

The expenditure advance was focused in the Disabled category +$18,483 (2.2%) and was augmented by increases in the other categories, too. Higher expenditures in Current $9,071 (1.1%), Initial $6,577 (8.3%) and Corrective $14,075 (42.4%) contributed to the increase but were partially checked by lower Special Needs -$991 (-12.3%) and higher Refunds and Cancellations $10,248 (12.0%). The urban counties contributed to higher Disabled costs with their rise of $17,471 (3.3%) to $543,050.

General Assistance (GA) The total number of persons receiving GA for December 1983 was 15,874. This was 0.3% less than November and very close to the 15,870 persons receiving GA in October. Since October, the number of persons receiving GA has remained quite stable. However, within the GA population, considerable change occurred between those considered exempt from referral to Job Services, many of whom were GA-eligible before October, and those persons who are required to register with Job Services (not MEED) as a condition of GA eligibility.

Excluding those people who have been certified unemployable by the Department of Economic Security, the number of persons reported as exempt from referral to Job Services decreased by 341, from 9,650 persons in October to 9,309 persons in November. In December, 9,464 persons were exempt, an increase of 155, but a count still lower than the October level. With this overall decrease in exempt persons, an 8.5% increase occurred in the average payment per exempt person from October to December. The increase in average payment indicates those people remaining exempt from referral to Job Services in December were in the more costly cases, such as those in congregate care who are the least likely to secure employment.

The number of persons required to register with Job Services, not MEED, as a condition of GA eligibility rose markedly from October to December. In October, 2,065 persons were required to register. By December, this number increased 23.5% to 2,550. Some of this increase could be attributable to the return of persons who had been referred to MEED, but could not be served by that program. Another possibility for the increase could be the referral to Job Services of persons previously considered exempt from referral.

Application activity decreased compared to November. The number of applications received was 3.1% lower and the total applications on hand decreased by 3.2%. The number of applications disposed of decreased by 2.9% to 5,895. Of these, 4,948 (83.9%) were approved.

The 4,948 cases added in December brought the total cases eligible to 21,056. This was an increase of 14.4% compared to November. Payments were made for 14,067 (66.8%) of the eligible cases. There were 3,653 cases closed which left 17,403 eligible cases continued to January.

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) The AFDC Program continued to advance during January with cases approaching the 51,000 mark and expenditures exceeding $21.2 million. The monthly case load, at 50,953 (+715 or 1.4%), was the highest recorded in two years (since January 1982) while the expenditure of $21,219,805 (+$244,094 or 1.2%) sets another record.

Most of the change was centered within the Unemployed Parent category, whose family level grew by 362 (4.7%) to 8,000, thereby fueling higher costs, which rose by $163,342 (4.0%) to $4,204,635. The Unemployed Parent category represented 50.6% of the monthly case load advance and 66.9% of the payment growth during the month. This higher payment growth is reflective of the fact that Unemployed Parent families are larger than average, thereby affecting recipient and payment levels to a greater degree than case load.

Emergency Assistance (EA) January was an uneventful month for this program. The pattern of change was mixed with the number of families assisted reaching upward to 701 (+20), counterbalanced by a small expenditure reduction of $4,447 (1.9%) to $224,748.

The growth in cases occurred because 28 additional non-AFDC families required assistance. The increases were recorded by all types of counties. All the county designations reported increases within this category, the largest being the suburban counties (+12) followed by the urban (+11) and rural (+5) counties. Eviction and Utility-related problems precipitated the non-AFDC case load growth, with each aiding more non-AFDC families than in the previous month.

Within the emergency of Evictions, 94 non-AFDC families were helped at a cost of $43,049. The largest sum, $21,314, was expended by the suburban counties, which also posted the greatest increase, $5,020 (30.8%). Dakota County was responsible for $4,472 (89.1%) of this growth and was bolstered by the urban counties (especially Ramsey +$1,871) which posted a $3,688 gain. The gain within this emergency contrasts with the overall performance of this Eviction category which included a loss of two families and a reduction of $14,337, all within the AFDC component.

The second most frequent emergency, Utilities, recorded nearly equal growth in the non-AFDC and AFDC categories. With the non-AFDC component, increases were recorded by all county types, the largest of which were the rural counties growing by 12 families and $2,158. The urban counties grew by two families and $1,503.50, particularly because of an increase in Ramsey County (+2 cases and +$1,196). The suburban counties recorded a growth of four families and $919.

Minnesota Supplemental Aid (MSA) In January, this program displayed increases in the number of recipients and in expenditures. Monthly totals were the highest recorded since June 1983.

Recipients numbered 9,999, 82 (0.8%) more than December's level and 81 (0.8%) above one year ago. The change was broad, with all three components showing advance. The Disabled sustained the largest increase at 63 (0.9%) and was bolstered by additional recipients in the Aged (17, 0.7%) and Blind (2, 1.3%)

categories. The growth in the Disabled category was centered in the urban counties and was focused in St. Louis and Hennepin Counties. In St. Louis County, the recipient total advanced because of 39 fewer refunds and cancellations while, in Hennepin, an increase of 33 new recipients (Initial) contributed to the net increase of 28. The Aged recipient advance of 17 cases occurred in Dodge (+7) and Waseca (+14) Counties and resulted from the practice of making payments for personal needs in board and care situations at quarterly intervals.

Expenditures totalled $1,141,381 during January for an advance of $28,884 (2.6%). Most of this gain, 85.5%, occurred in Hennepin County and was due to higher costs within the categories of Initial $8,533 and Corrective $15,801.

General Assistance (GA) The total number of persons receiving GA for January 1984 was 15,604. This was 270 (1.7%) less than December 1983 and 5,198 (50.0%) more than January 1983. The average grant (gross dollars) per person for January 1984 was $226.63. This was $8.34 (3.5%) less than December 1983 and $14.60 (6.9%) more than January 1983.

Application activity decreased compared to December. The number of applications received was 10.4% lower and the total applications on hand decreased by 10.2%. The number of applications disposed of decreased by 12.4% to 5,162. Of these, 4,360 (84.5%) were approved.

The 4,360 cases added in January brought the total cases eligible to 21,763. This was an increase of 3.4% compared to December. Payments were made for 13,995 (64.3%) of the eligible cases. There were 3,617 cases closed which left 18,146 eligible cases continued to February.

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

(1) June 1984 data subject to minor changes.

(2) MA "Grand Total" cases and persons are an unduplicated count; therefore, breakdown by type of care will not add to total.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) Cases receiving payment declined by 63 (-0.1%) over January 1984. (Normally, February reflects an increase.) Statewide, the decrease occurred solely within the Regular segment, which reported a -155. In contrast, Unemployed Parents rose by 92 cases. The table below shows the case gains and losses by county type.

	Regular			Unemployed Parent		
	January	February	Change	January	February	Change
Urban	22,120	21,925	-195 (-0.9%)	3,464	3,472	8 (0.2%)
Suburban	8,048	7,984	- 64 (-0.8%)	1,419	1,419	--
Rural	12,785	12,889	104 (0.8%)	3,117	3,201	84 (2.7%)

Compared with February 1983, paid cases rose 3,459 (7.3%). The distribution of this increase was urban 54.9%, suburban 9.6% and rural 35.5%. Overall, Regular cases increased 2,524 (6.3%) and Unemployed Parent cases were up by 935 (13.1%). The following table shows case comparisons by county type for February 1984 and February 1983.

	Regular			Unemployed Parent		
	Feb. 84	Feb. 83	Change	Feb. 84	Feb. 83	Change
Urban	21,925	20,749	1,176	3,472	2,750	722
Suburban	7,984	7,591	393	1,419	1,478	- 59
Rural	12,889	11,934	955	3,201	2,929	272

Expenditures were up by $73,795 (0.3%) from the previous month. The increase was primarily due to a decrease in IV-D refunds of $38,044 and a rise in Unemployed Parent cases, which more than offset the Regular case loss due to the higher average grant for Unemployed Parent cases.

Expenditures were $2,357,722 (12.5%) higher than in February 1983. The increase is attributed to the 7.3% rise in paid cases and a 5% grant increase on July 1, 1983.

Emergency Assistance (EA) The February pattern was one of advance, with expenditures leading the change. Families aided during the month totalled 714, an increase of 13 (1.9%) while expenditures rose $23,626 (10.5%) to $248,374.

Increases in the number of non-AFDC families (+48) were responsible for these changes, particularly in the rural counties, which posted increases in the emergencies of Strikes (+1), Illness (+3), Accidents (+2), No Employment (+4), Utilities (+10), and Other (+7). The suburban counties, however, were influential in the emergency of Utilities, which advanced by 20 non-AFDC families. The urban counties, by comparison, increased by only four families within this array of emergencies, with the largest change occurring in the unspecified category of Other.

The non-AFDC component accounted for all the monthly family (case) increase and 94.4% of the expenditure advance.

The largest emergency category during the month was that of Eviction, under which 281 families received aid amounting to $109,549. This represented 39.4% of those served during February and 44.1% of the expenditures. This emergency posted the largest family reduction (-55) of all the categories and the largest expenditure decline (-$13,667). Most of the decline experienced was within the AFDC segment, which decreased by 46 families and $7,033. The change in families aided was centered in the urban counties, which sustained a reduction of 39 families. Most of the payment decline, however, occurred in the suburban counties and totalled $10,705.

The emergency of Utilities was the second most common emergency during February, aiding 190 families at a cost of $62,745. This was 58 (43.9%) families and $21,336 (51.5%) more than the previous month.

Assistance for unspecified emergencies was received by 191 families at a cost of $51,796. This represented a growth of $8,756 (20.3%). The number of families was unchanged from the previous month.

Minnesota Supplemental Aid (MSA) February displayed a stable pattern, with recipients increasing by only 19 (0.2%) to 10,018 while expenditures declined slightly by $7,710 (0.7%) to $1,133,671.

The Disabled category was the factor underlying both these changes (its impact on recipients and expenditures), but was partially checked by the Aged and Blind categories.

The Disabled payment reduction was centered in the suburban (-$11,857) and rural (-$6,913) counties. Only four of the 13 suburban counties were influential; these were Anoka -$3,571 (-24.2%), Olmsted -$6,219 (-46.1%), Polk -$2,538 (-36.8%) and Sherburne -$2,994 (-42.3%). The rural counties contributing the most to this reduction were Cass -$8,195 (-63.6%), Freeborn -$2,547 (-33.4%), FMW HSB -$2,057 (-19.7%), Roseau -$2,449 (-29.7%), and Stevens -$1,989 (-49.0%).

General Assistance (GA) The total number of persons receiving GA for February 1984 was 15,857. This was 253 (1.6%) more than January 1984 and 4,382 (38.2%) more than February 1983. The average grant (gross dollars) per person for February 1984 was $222.53. This was $4.10 (1.8%) less than January 1984 and $33.44 (17.7%) more than February 1983.

Application activity decreased compared to January. The number of applications received was 1.0% lower and the total applications on hand increased by 0.6%. The number of applications disposed of decreased by 0.2% to 5,154. Of these, 4,382 (85.0%) were approved.

The 4,382 cases added in February brought the total cases eligible to 22,528. This was an increase of 3.5% compared to January. Payments were made for 14,232 (63.2%) of the eligible cases. There were 3,495 cases closed which left 19,033 eligible cases continued to March.

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

(1)July 1984 data is subject to minor adjustments.

(2)Closings, July 1984 - In addition to the 2,876 cases closed, 637 cases became new extended medical cases (eligible for medical services, but not a maintenance grant).

(3)July and June 1984 - GA, MSA and EA were estimated for Blue Earth County.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.

(a) Excluded when calculating the total persons for all programs.

(b) Includes post-closing persons and cases.

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) March normally is the month with the greatest expenditures and number of cases receiving payment. This held true for March 1984. Expenditures and cases were the highest in the current fiscal year, rising $130,853 (0.6%) and 585 (1.1%) respectively over February 1984. Cases increased 467 (1.1%) in the Regular segment and 118 (1.5%) in the Unemployed Parent segment.

Compared with March 1983, the overall increase in expenditures was $2,221,313 (11.6%), with cases rising 2,785 (5.7%). The Regular segment expanded by 2,271 cases (5.5%) and the Unemployed Parent category by 514 (6.7%). The table below shows changes in cases by county type within segment from March 1983.

	Regular Cases			Unemployed Parent Cases		
	1984	1983	Change	1984	1983	Change
Urban	22,163	21,071	1,092 (5.2%)	3,538	2,990	548 (18.3%)
Suburban	8,026	7,739	287 (3.7%)	1,440	1,574	-134 (- 8.5%)
Rural	13,076	12,184	892 (7.3%)	3,232	3,132	100 (3.2%)

The high increase in Unemployed Parents in the urban counties is in large part attributed to the high unemployment in St. Louis County resulting from mine layoffs. Unemployed Parents in St. Louis County increased 28.4% over the past year. It now has the largest number of Unemployed Parent cases (1,412), surpassing Hennepin County by 412 and Ramsey County by 286.

The following is a summary of AFDC activity in terms of applications, length of time to dispose of after application initiated, and reasons for denials and closings during the January through March, 1984 quarter.

			Number of Days Pending	
A. AFDC Applications:	Persons	Cases	1 - 45	Over 45
1. Pending from prior quarter	1,242	455	371	84
2. Received during quarter	34,007	11,924	--	--
3. Disposed of	34,318	12,030	11,734	296
a. Approved	29,395	10,373	10,159	214
b. Denied	4,923	1,657	1,575	82
4. Pending at end of quarter	931	349	285	64
B. AFDC Closings During Quarter:	26,598	9,426	--	--

C. AFDC Reasons for Denials:	Cases
1. No eligible child	56
2. Not deprived of support or care	72
3. Resources exceed limits	209
4. Income exceeds standards	223
5. Failure to comply with procedural requirements	619
6. Undocumented alien	7
7. Nonresident	21
8. Application withdrawn	249
9. Unable to locate or moved	201
Total	1,657

D. AFDC Reasons for Closing:	Cases
1. No longer eligible child	595
2. No longer deprived of support or care	495
3. Resources exceed limits	56
4. Income exceeds requirements:	
a. Earnings increased	1,459
b. Benefits or pensions increased	181
c. Support from person inside home increased	16
d. Support from person outside home increased	100
e. Requirements reduced	953
5. Moved or cannot locate	1,732
6. Recipient initiative	3,048
7. Gross earnings exceeding 150% Standard Basic Needs	477
8. Expiration of the $30 and 1/3 disregard	31
9. Other earned income	81
10. Factor other than earned income	202
Total	9,426

Emergency Assistance (EA) This program sustained another advance during March, sparked by greater activity in the emergency categories of Utilities and Eviction. Families served totalled 853 for an increase of 139 (19.5%), while payments broke the $300,000 mark with $300,689 for an advance of $52,315 (21.1%).

The only other significant change occurred within the unspecified category of "Other", which declined by 39 families (20.4%) to 152 and by $12,609 (24.3%) to $39,187. Although this change occurred across all county types, most of this change (20 cases and $6,035) occurred in the rural counties. The AFDC component accounted for $8,631 (68.4%) of the change within this emergency category.

Utility emergencies accounted for payments to 353 families (+163, 85.8%) at a cost of $113,865, an increase of $51,120 (81.5%). This was augmented by Evictions, for which 284 families were aided (+3, 1.1%), with payments of $126,729. The Utility growth was almost entirely (91.4%) within the AFDC category, which increased its portion of the program by growing from 66.5% of the families served during February to 71.2% in March.

The Utility increase was centered in the urban counties, particularly Ramsey, where the number of families facing impending electrical shutoff reached 79, for an advance of 60 (315.8%) at a cost of $35,472.06 or $27,194.77 (328.6%) above February.

The counties of Hennepin and St. Louis also sustained an advance within the AFDC category, but this was not large enough to be influential (Ramsey +$6,205 and St. Louis +$3,615).

Minnesota Supplemental Aid (MSA) During March, this program inched upward with recipients advancing by 32 (0.3%) to 10,050 and expenditures growing by $29,121 (2.6%) to $1,162,792. The recipient advance occurred within the

Disabled category (+46) and was centered in Hennepin County, whose current cases grew by 45 to 2,200. The payment change, however, was shared by the Aged +$12,295 (5.2%) and Disabled +$19,832 (2.3%) categories, while expenses for the Blind fell by $3,006 (16.6%).

The Aged payment advance occurred within all three county categories, urban +$2,893 (3.0%), suburban $4,656 (15.4%), and rural $4,746 (4.3%). The Disabled change, on the other hand, occurred in the rural counties which rose by $19,821 (9.0%). The urban and suburban counties experienced changes of approximately $9,800 each, but these nullified each other. Seventeen (17) counties contributed to the rural Disabled payment change, the largest being Cass and McLeod at $6,967 and $3,088 respectively.

General Assistance (GA) The total number of persons receiving GA for March 1984 was 16,187. This was 330 (2.1%) more than February 1984 and 4,528 (38.8%) more than March 1983. The average grant (gross dollars) per person for March 1984 was $222.15. This was $0.38 (0.2%) less than February 1984 and $3.00 (1.4%) more than March 1983.

Application activity increased compared to February. The number of applications received was 11.1% higher and the total applications on hand increased by 10.8%. The number of applications disposed of increased by 9.9% to 5,663. Of these, 4,841 (85.5%) were approved.

The 4,841 cases added in March brought the total cases eligible to 23,874. This was an increase of 6.0% compared to February. Payments were made for 14,436 (60.5%) of the eligible cases. There were 3,848 cases closed which left 20,026 eligible cases continued to April.

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization
Nursing Home ICF-I	Intermediate Care Facility (High Care)
ICF-II	Intermediate Care Facility (Minimum Care)
ICF-MR	Intermediate Care Facility (Mentally Retarded)
P.T., O.T., S.T. Audiology in Nursing Home	Physical Therapy, Occupational Therapy, Speech Therapy
State Institution MR (ICF)	Mentally Retarded, Intermediate Care Facility
SMSA	Standard Metropolitan Statistical Area is a county or a group of contiguous counties which contain at least one city of 50,000 population. In addition to the county or counties containing such cities, contiguous counties are included in such areas if they are essentially metropolitan in character and are socially and economically integrated.
TB	Tuberculosis
